Learning is fun...!

The school library is open after school every Monday for all MIS children and their families.

### Food and Drink

Children can bring a healthy mid-morning snack- consisting of fruit

All children are encouraged to drink water throughout the day. Please send your child to school with a named bottle daily.

### 'Pop-Ins'

EVERY Tuesday we will be opening up the school from 3.20 - 3.45 for you to 'pop-in' with your child and celebrate their achievements.

### PARENT 'POP-IN'

This is a weekly opportunity, (although you shouldn't feel obliged to come every week - we are not counting the visits!) to sit with your child and encourage him/her to talk about and share their learning with you. You can talk informally to your child's teacher if you want to but it's also fine not to - the focus is on your child's work. At 3.45 the session will end, so that teachers can continue with their marking and assessments.

If you would like to 'pop-in' please enter through the front door, sign the special fire register which will be situated in the office and go to your child's classroom, not forgetting to sign out afterwards at 3.45!

This is not instead of our 1/2 termly drop-ins, as we have plans for themed versions of those, for example Reading Cafes, Maths Workshops etc etc - more details to follow...

**Mundesley Junior School is part of The Coastal Federation under the leadership of an Executive Head and a single Governing Body. This enables us to work very closely with each other to improve outcomes for your children - sharing expertise and experience.**

# A little bit about how The Coastal Federation works.....

by **Annie Edwards**  
(Federation Chair of Governors)

**The Coastal Federation** was set up three years ago upon the retirement of the three Headteachers - all at the same time! This gave the Governors of each school the opportunity to think differently about how their schools could continue to be sustainable in regard to ever-diminishing budgets and the difficulty of recruiting 3 high calibre Headteachers at the same time in close geographical locations (two schools

sharing the same site). The Local Authority, who fund schools, say that schools under 120 pupils (although crucial in our small village communities) are expensive to run and can become isolated with regard to school improvement.

The three separate Governing Bodies decided to form a hard-federation. This is when separate Governing Bodies come together to form a single body made up of existing Governors from each school, over the last three years new Governors have also joined the team.

We appointed an Executive Head (EHT) - who has overall responsibility for the 300 children and large staff teams, buildings and finances. The EHT is accountable to the Governing Body for the standards and results in each school.

The diagram above shows the structure of The Coastal Federation, which is cost-neutral, compared to a traditional model of three separate headteachers. The Heads of School, alongside the Phase 1 and 2 Leaders (at MIJS) are the day-to-day contacts for parents should any issues escalate further than your child's class teacher. Although the EHT is based at the Junior School, due to the nature of the role (overseeing the three schools) he is a more difficult person to guarantee being able to 'catch' first thing in the morning or after school but can be contacted more easily via email or phone ([exehead@coastalfederation.com](mailto:exehead@coastalfederation.com)) in order to arrange a meeting. You can also contact me [chairofgovs@coastalfederation.com](mailto:chairofgovs@coastalfederation.com) regarding any school issue.

I hope that this summary gives you an idea of how The Coastal Federation 'works'. In the end, it is only a structure and although important, it's the day to day contact with our super teachers and support staff that make the big difference to your child's time at school.
